# W.Tresper Clarke High School

Edgewood Drive, Westbury, New York 11590

Dear Friends,

As you enjoy the following pages, we hope you will realize that our high school years have become magical memories, that will be cherished for the rest of our lives.

Looking back, it seems like only yesterday that we were frightened junior high school students. We felt like just another face in a big crowd. But almost immediately, our class developed a special bond. This created an atmosphere of unity whereby, each one of us used our individual ability and creativity to attain our common goals. These goals included attaining high level of academic success, school spirit, and athletic achievement.

As freshman, we tackled our first project of building a homecoming float with enormous enthusiasm. We not only completed this task, but we created the winning float. From that moment on, we knew we had a special quality of unity, that could only have a positive effect on all of our endeavors. We all used our innovative ability, creative talents and motivation to raise funds for our class. By the end of our sophomore year, our treasury was overwhelming. Our creativity was once again displayed when we so successfully transformed our gymnasium into an "Undersea Enchantment" for our junior prom. We even proved that the dreaded junior year could be quite contrary to its reputation. That year, the need to lean on each other for emotional support became greater. However, we were there for each other and we made it through the SAT and other academic pressures. We never broke our bond and commitment to each other and overcame the trauma associated with the junior year. As a result, we entered our senior year stronger than ever. We defied all odds and conquered all obstacles. This year our success has culminated. Once again our unique unity made it possible to attain success in academics, school activities, and athletics. Be assured that the unity with us now, will be with us always, helping us to attain our future personal goals. And so, we give you our theme which truly exemplifies what we, the Class of '88, has been all about:

Unquestionably, Scope '88 is proudly dedicated to Mrs. Marilyn Reiner. First revealed to us as French teacher extraordinaire, she later would enhance our lives in more ways than we could possibly imagine. Perhaps better known as our class advisor, she has been the driving force behind the success of the Class of '88. Blazing new trails in class excellence, she has taken us where no class has gone before.

After 25 years of teaching French, Mrs. Reiner still brings new life to each class. From those first days of French when "zeroes" were prolific, she watched us mature. She will always leave an indelible impression on her students by talking "to" them not down to them. Austere when needed, she also has the ability to provide gentle understanding, just like Mom.

Once undertaking the role of class advisor, she has given herself, heart and soul to the Class of '88. With a glowing smile she attributes the class' success solely to the students. Yet her legacy of lively Homecoming floats, successful

proms, and establishing an unprecedented and affluent treasury, should be equally credited to her. Mrs. Reiner has channeled our overenthusiasm to new pinnacles of achievement. When we've been in need she's given us the "boosters" to get by. The woman behind the Class of '88, she's enchanted us from under the sea to the top of the world.

Standing at a mere 5'2", she has a heart ten feet tall. Often the brunt of a barrage of short jokes, she has taken them with a grin and lets fly a volley of witty remarks of her own. Mrs. Reiner truly personifies the proverb "good things come in small packages".

From the classroom to the soda room, she has influenced our lives, but what we write on paper could never do her justice. Perhaps more importantly than her accomplishments, she possesses the qualities that make her more than a class advisor; she's a friend.

Mrs. Reiner, we'll never forget you. You'll always have a special place in our hearts.

## May 8, 1987

All day long, parents, teachers, and students transformed our bland gymnasium into a sparkling blue, green, and gold "Undersea Enchantment". At seven o'clock, limousines arrived with the students in formal attire. They paraded up the red carpet to the "Coketail" Hour in the Junior High Cafe which was sponsored by S.A.D.D. Our industrious Prom Committee, Dolores Angulo, Alyse Brenner, Julie Hwang, Beth Simpson, and Glenn Stryjewski led our elated couples into the "ballroom" to dance and party the night away. Greeted with an array of colored lights and blowing bubbles, the class made their way to their tables. To their surprise, they found an unusual centerpiece, two live goldfish which were later raffled away to one lucky couple from each table. Afterwards, the class moved the party to New York City and finally, the beach. We all agreed, May 8, 1987, "This is the Time" to remember.

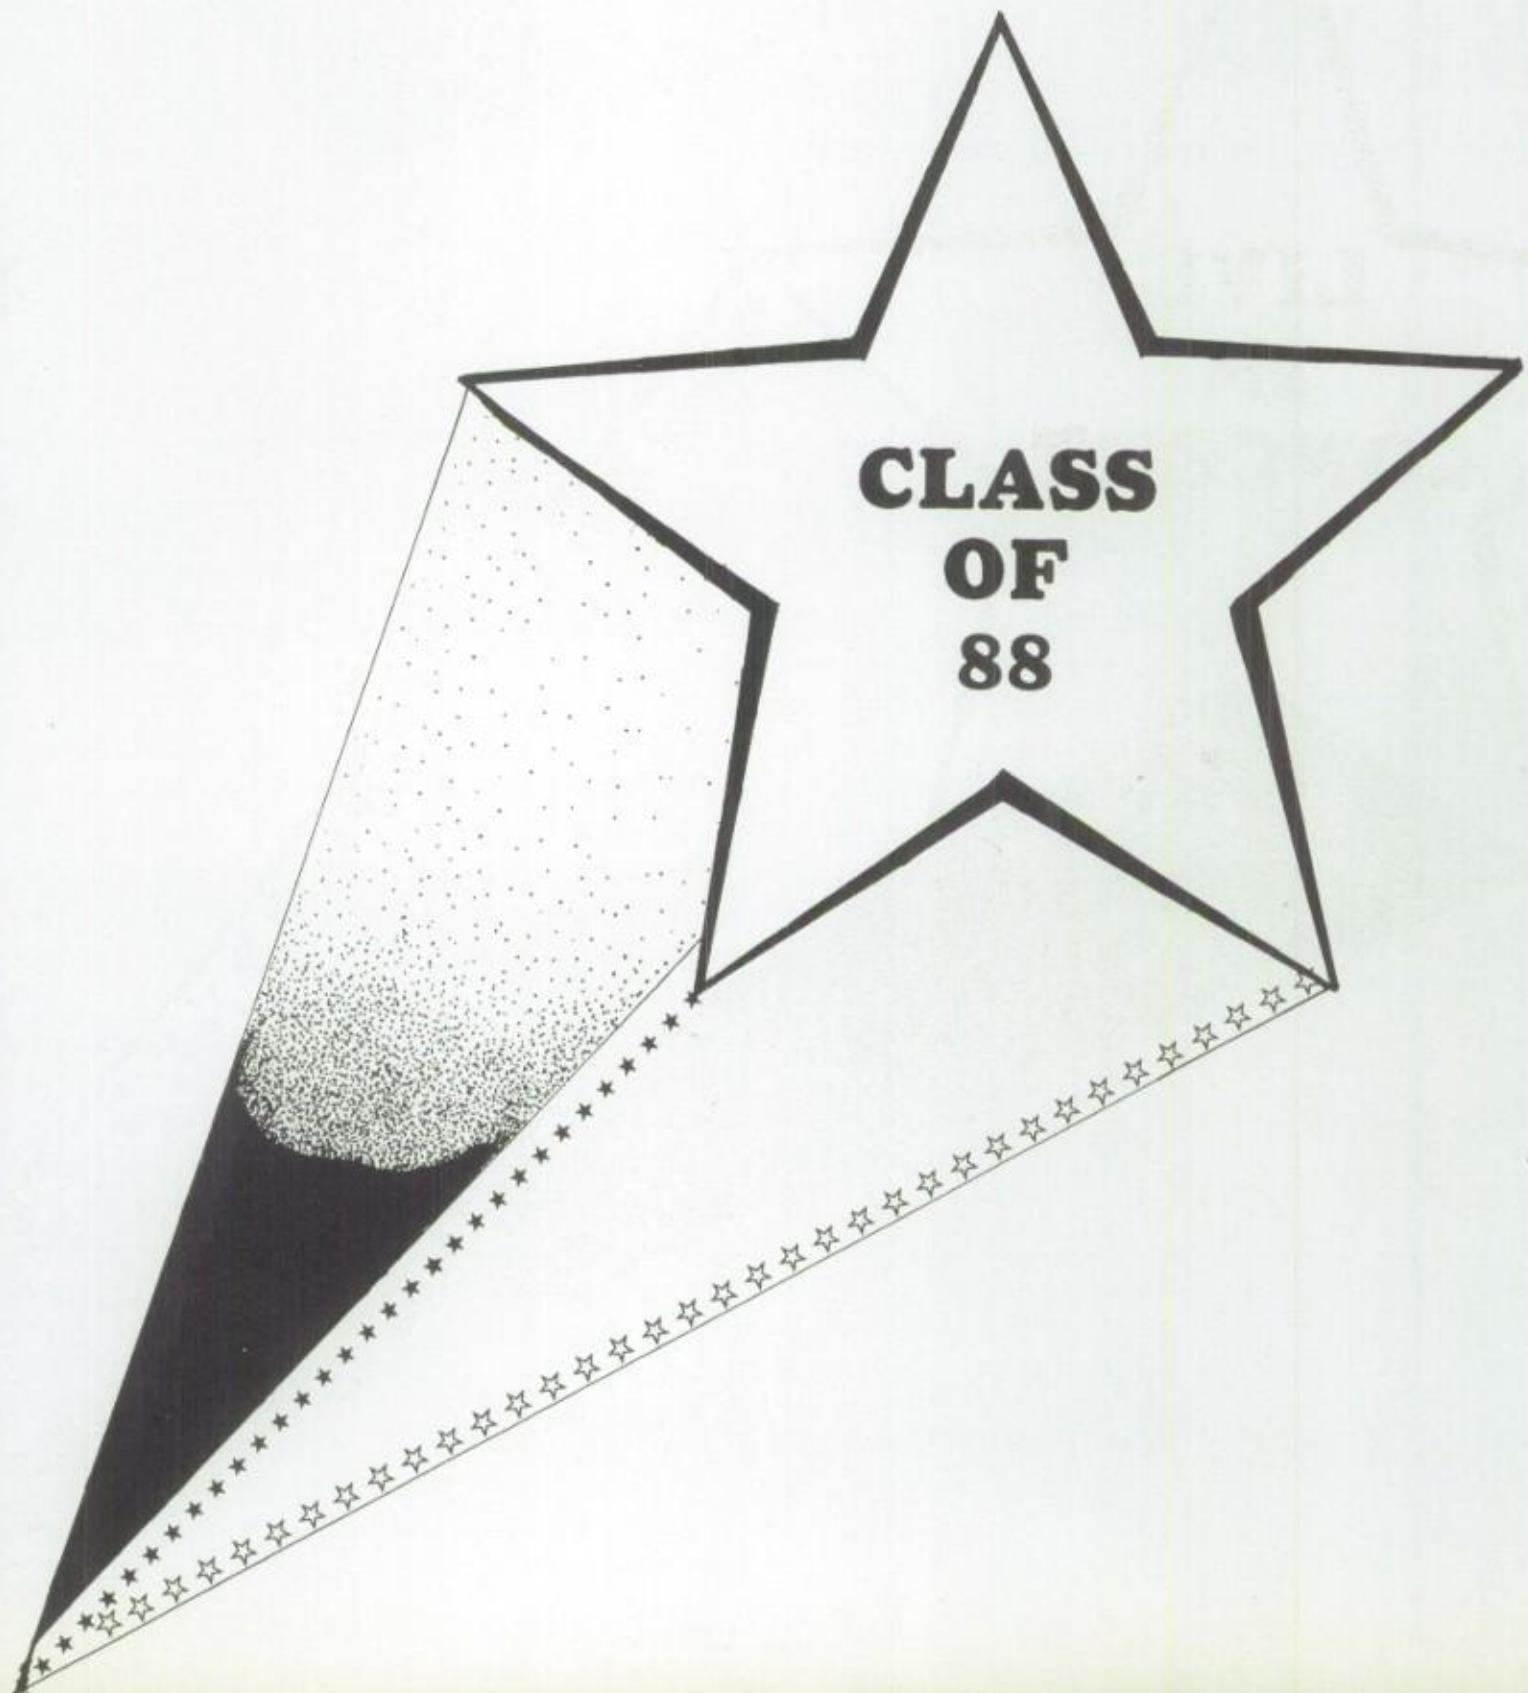

# SCHOOL DAY MEMORIES

As we reach out our hand  
The diploma we grasp,  
While we think of the memories  
Of the years in the past.  
Tears fill our eyes  
Because it's all gone,  
We're starting a new life,  
We have to move on.  
We hope friends will keep in touch  
As the years pass us by,  
Although it hurts inside  
We'll try not to cry.

We think of kindergarten  
And our first day,  
Now we've reached the end  
We are going away.  
How do you say goodbye  
To friends who mean so much?  
Will there be time  
To sincerely keep in touch?  
You'll always have the memories  
Of your school years from day one,  
Don't think of school as ending-  
Think a new life has begun.

# PEP

On October 2, 1987 the Clarke gymnasium held its annual fall Pep Rally. The bleachers, filled to the rafters, were packed with excited students who entered to the sounds of the Clarke Ram Band. Athletic Leaders Club officers, Scott Searle and Beth Simpson, lifted the crowd to their feet leading the cheers, as all team captains were introduced by Senior Class President, Rick Gatteau. In turn, the captains presented their teams. The cheerleaders executed their "Hello" and "Call for the Boys" routine preceeding the entrance of the football team. In uniform and accessories, including sun glasses, fishing hats, and maroon and gray hair, the awesome football team psyched themselves up for their first win since '83.

**L**ast Summer, some editors of Scope '88 piled into Mr. Baden's car on their way to the "Princeton Experience". Walsworth Publishing Co. was conducting a summer seminar designed to train high school students the process of compiling a yearbook. They split up, attending as many forums as possible, meeting over lunch to inform each other what was learned. They often worked into the early hours of the morning drawing layouts, artwork, and writing copy. Their hard effort was rewarded when they won Third Place for outstanding work. The group returned to Clarke eager to start working on Scope '88.

Remember back to our Freshman days ...

Summertime,  
summertime,  
sum-  
sum-  
summertime!

Mention the word "summer" and the next thing most of us think of is VACATION!!!!. This meant long, relaxful days. Time to be spent on the beach, parties, or just hanging out, while many students endured hours in Drivers' Ed.

Clubs were active throughout the break, some even traveled abroad. Key Club enjoyed five days in Toronto, Canada at their International Convention. At the convention, they participated in a Dance-A-Thon and befriended other Key Clubbers from all over the U.S., Canada, and the Caribbean.

Whatever Clarke students did in the summer, they enjoyed a well deserved vacation after a hard year of schoolwork. There is nothing quite like that welcomed phrase "School's Out !" and this year it's for good.

Doug Hanscom

Honored at this year's Homecoming, Doug Hanscom was our Honorary Grand Marshal. A former Clarke student, who was taken ill with A.L.S (Lou Gehrig's Disease), Doug was an outstanding athlete, coach, and an important contribution to Clarke athletics. Graduating in 1969, he then attended the U.S. Merchant Marine Academy at Kings Point. There will be an award given each year at Graduation to the best wrestler and an award given at each Homecoming to the most outstanding football player in Doug's honor. This year's Homecoming award was given to Brian Dempsey.

# Wild West

## Star-filled Day

Clarke celebrated its sixth annual Homecoming Saturday, October 24, at Ram Stadium. Homecoming was organized by advisors Stan Bialomizy and Marilyn Rerecich, and student chairpersons Judy Abrams and Jennifer Duffy.

Thousands of people attended, filling Ram Stadium to maximum capacity. Homecoming ceremonies, which included the crowning of the Homecoming King and Queen, Michael Cunningham and Donna Fardelone, and competition among classes for the float which best illustrated the homecoming theme of "the Wild Wild West". Although the football team was defeated by Valley Stream South 21-20 in the final seconds of the game, they played amazingly throughout.

In the float competition, the senior and sophomore class tied for the best floats. Indians lived in the West long before settlers arrived. In honor of the original "Wild West" the seniors chose the Indian theme for their float. The unity of the American tribe expresses the feeling of unity and the spirit of the Class of

1988. The float consisted of a giant teepee, totem poles, a camp fire, paper mache horses, and many squaws and braves. When the float stopped in front of the judges, Indian Chief George Monos ordered the Braves to capture the Clarke Mascot, The Ram (Tracey Volpe).

The audiences' eyes were then turned to the end of the rainbow-Gold. The '90 Karat Gold Rush was depicted by the sophomores, since the gold rush made the west what it was. The float was a giant mountain with miners who struck it rich with gold. Half of the float was gold exchange booth where the miner was able to exchange his gold for a "90" dollar bill.

The Royal Court followed by the King and Queen were then escorted onto the field. Dr. Renken crowned Mike and Donna, as cameras snapped continuously. Members of the Royal Court included Lisa Gera-ci, Jamie Volino, Peter Catal, Shannon Brauch, Jamie McLoughlin, Judy Ma and Brian Fried.

The varsity cheerleaders performed their "Call for the Boys" cheer, preceding Renee Jahelka, the voice of the band, who welcomed the crowd and introduced the marching band under the direction of drum majorette Judy Abrams,

which performed its precision marching and sonic brilliance. The microphone was given to Al Corsico, master of ceremonies for the halftime show. Highlights of the parade were the "glittering" PTSA, who marched in overalls hauling wheelbarrels of gold. The Parents and Booster Club reminded the crowd of the early West as they approached in a covered wagon led by horses. A more modern form of transportation was the Automotive School as they followed in a propelled jet engine built by the class. Students Against Drunk Driving entered the field with posters and mounted policemen reminding the audience that "Friends Don't Let Friends Drive Drunk".

The Homecoming Chairpersons Judy Abrams and Jennifer Duffy were driven onto the field. Finally, Doug Hanscom, the Honorary Grand Marshal, received a standing ovation by the entire crowd.

## THIS IS THE TIME

We walked on the beach beside  
that old hotel,  
They're tearing it down now  
but it's just as well.  
I haven't shown you everything a  
man can do,  
So stay with me baby  
I've got plans for you.

This is the time to remember  
cause it will not last forever.  
These are the days  
to hold on to,  
cause we won't  
although we'll want to.  
This is the time  
but time is gonna change,  
You've given me the best of you,  
And now I need the rest of you.

Did you know that before you came  
into my life,  
It was some kind of miracle that  
I survived.  
Someday we will both look back  
and have to laugh,  
We lived through a lifetime  
and the aftermath.

This is the time to remember  
cause it will not last forever.  
These are the days to hold on to,  
cause we won't although we want to.

This is the time,  
But time is gonna change,  
I know we've got to move somehow,  
But I don't want to lose you now.

Sometimes it's so easy to let a day  
slip on by,  
Without even seeing each other at all.  
But this is the time you'll turn back  
to and so will I.  
And those will be days you can  
never recall.

And so we embrace again  
behind the dunes.  
This beach is so cold on  
winter afternoons.  
But holding you close is like  
holding the summer sun  
I'm warm from the memory of  
days to come.

This is the time to remember  
cause it will not last forever.  
These are the days to hold on to,  
Cause we won't  
Although we'll want to.  
This is the time  
But time is gonna change,  
You've given me the best of you  
But now I need the rest of you.

- Billy Joel

To be an athlete and a scholar is truly incredible. This perfectly describes our Salutatorian, Michael Marchesi. Mike was ranked second in our class of 210, with an unweighted average of 95.51. Mike is also an athlete in the true sense of the word. He runs track all year and is one of the team's co-captains. Mike is an accomplished high jumper, his best jump (so far) was 5'10" in the spring of our junior year.

Mike is essentially a reserved person, so his reaction to ranking so high was not surprising. He was sedate and did not place himself above others.

There is one disadvantage to being second. When asked how he feels about giving a speech at graduation, Mike answered, "I'm terrified!"

In her four years as a high school student, Dyan Finguerra has channeled her energies and enthusiasm through a wide variety of extra-curricular activities. She has filled the offices of many clubs, including President of SADD and Co-Editor in Chief of the yearbook. Dyan's most significant accomplishment is being the first student from Clarke to be elected to a position on the New York State Executive Key Club Board. In March of our junior year, Dyan secured the position of District Historian at the annual convention. At the convention caucus sessions, Dyan addressed the entire New York District, approximately 1600 attendants, on her goals and qualifications. Dyan served as Historian until the fall of her senior year. Due to the resignation of the District Secretary, Dyan was appointed to this position and combined the work of the two offices.

## THE SPOTLIGHT

Saturday is considered by most to be a day of rest and relaxation. This is not the case for Jason Warshawsky. As a participant in the Columbia Honors Science Program, Jason attended classes at Columbia University every Saturday for the past three years. His academic week became six days instead of five. He chose to give up a day of relaxing to broaden his horizons.

In ninth grade, Jason took an entrance exam. Of the students from Clarke who took the test, Jason was the only one who passed. Approximately 200 high school students agree to attend this science program until high school graduation. This type of commitment is rare for a high school freshman. He made a commitment that would affect him for three years. Jason did not break his commitment and went to the classes. It is difficult work, but, as Jason says, "It's an honor and I'm happy I stayed in the program." Jason is to be commended for his self-sacrifice and high achievement.

If they are chosen again by the business faculty this year, they will receive another \$500 scholarship to the school.

Corinne Dunn received an award for Outstanding Perseverance in High School business courses from Berkley Business School in her junior year. This award does not come with a scholarship, but if Corinne plans to attend Berkley, further arrangements for a scholarship can be made. She was chosen by the faculty business teachers, who choose one person each year in the eleventh and twelfth grades.

In October of 1986, juniors from all around the country took the PSAT's. For five members of the Class of 88, it was an opportunity to help them in being accepted to the college of their choice. What they received was a National Merit Scholarship Letter of Commendation. Those who received it were Sean Clancy, Brad Levien, Michael Marchesi, Jason Warshawsky and Scott Weiss.

In order to be eligible for a Letter of Commendation, your PSAT score must be in the top 5% of the Nation according to the selection index. The selection in-

dex is determined by doubling the verbal score by and adding the math score. PSAT scores of Clarke's merit scholars ranged from 1250 to 1330. The winners were notified by school officials in the fall of their senior year. They were put on "the list", and Dr. Wallace presented them a certificate from the National Merit Scholarship Foundation.

These five may not have been finalists or even semifinalists in the scholarship competition, but they did an excellent job and deserved to be rewarded.

## IN THE SPOTLIGHT

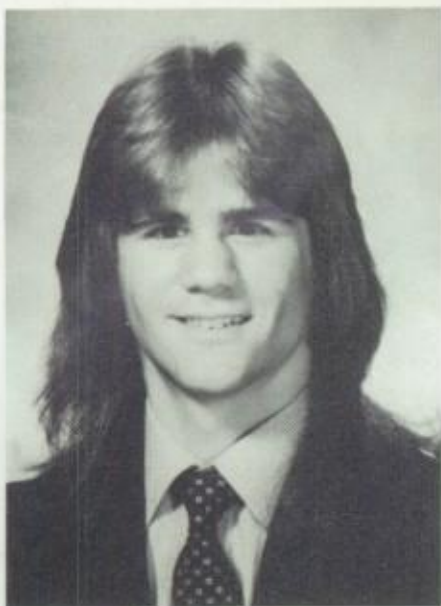

When one speaks of dedication, Senior Class President Rick Gatteau comes to mind immediately. Ranked fourth in the class, Rick exemplifies the model student. No one has worked harder for the Class of '88.

Rick's accomplishments are not only scholarly. Among Rick's list, he is Secretary of the National Honor Society, the LISC Lieutenant Governor of Key Club, and on the Central Committee of Model Congress.

As a central figure in the Class of '88, Rick has shown himself to be devoted, responsible, and one heck of a guy. As Rick says, "Never has there been a class like us, never will there be one again." The same can be said of Rick. He is truly one of a kind.

The Albany Constitutional Convention took place in May, 1987. This state-sponsored activity was arranged to celebrate the 200th anniversary of the Constitution. One student from each of the 148 NYS Assembly Districts was selected to attend this two day convention, Andrew Weiser represented Clarke. Upon reaching Albany, these students were divided into six committees. Each of these committees was assigned to one mock amendment to the Constitution. The committee could alter or change the amendment as it saw fit. All six committees then met in the NYS Assembly Chamber, where all six amendments were debated. This experience was very educational and a lot of fun.

In May of the previous year, Jennifer Ruonavaara attended a political forum in Albany. This was a one day convention that one student from each school in New York could attend. Each student was assigned a committee and given controversial topics to resolve. The student's resolutions were pre-

sented and debated in committee. The resolutions that passed were then brought to a main session to be further debated. In each committee a chairman and secretary were voted into office upon commencement of the session. Jennifer was elected secretary of her committee. She enjoyed being able to actively participate and speak persuasively.

Though the soccer program at Clarke High School has always been outstanding, Tracey Volpe and Chris Healy received the greatest honor any high school player can receive. In the summer of 1987, Tracey and Chris dedicated their time and effort to the Empire State Soccer Team. Christine said, "It was an experience I'll never forget." Christine showed us her offensive skill by scoring two goals in the six game se-

ries. In the game against Adirondack, Chris was the last shooter to score in a tense shoot-out. Tracey, Clarke's greatest defenseman, showed off her skill by preventing many goals. She said, "You knew when you made the team, you achieved something." Yes they both achieved something very special and we at Clarke are proud to recognize their outstanding achievement.

During the summer of '87, Clarke High School was honored to have two students accepted in the Adelphi Summer Academy. Clarke was one of the few schools with two representatives. Nicole Avery and Jill Bruno were selected from a number of students from all over the Long Island area.

Adelphi offered two weeks of college courses and room and board for all

the selected students. They studied the Russian language, Latin America and U.S. Foreign Policy. Nicole and Jill received a 3.00 GPA and three transferable college credits. Jill was voted "Friendliest," by her peers and Nicole was voted "Most Likely to Succeed." Although the courses were extremely difficult, both agreed it was great and well worth the effort.

The T.V. program Brainstormers is a high school quiz show where teams compete against one another. Sharon Levy, Niral Kalaria, Suzy Lee, Glenn Stryjewski were the representatives from the school. They were chosen by Dr. Bandiero, the Social Studies chairperson, and were coached by Mrs. Kathy Reardon.

Before going on T.V., they must win two preliminary rounds. To prepare for this competition, practices were held at

Glenn's house where they played Trivial Pursuit for at least two hours. As of December 16, the team had won the first preliminary round beating Lawrence High School. Although they were defeated in the second round, they should be commended on a job well done.

"Brainstormers is intellectually stimulating and quite personally rewarding," said Niral Kalaria. Sharon Levy says, "It's a lot of fun."

Scott Weiss is the proud valedictorian of the Class of 1988. Scott is interested in the field of computer science. His curriculum through high school consisted of many science and mathematic courses, including advanced placement in Calculus and English.

Along with Scott's academic achievements, he has also excelled in extra-curricular activities. He is co-captain and first board player of the Chess club, as well as the Editor-in-Chief of the Vanguard. He is also an active member of Math League.

Scott is an avid fan of the game show Jeopardy and he relaxes with "Games" magazine. Scott enjoys the Mets and many sitcoms on NBC and ABC.

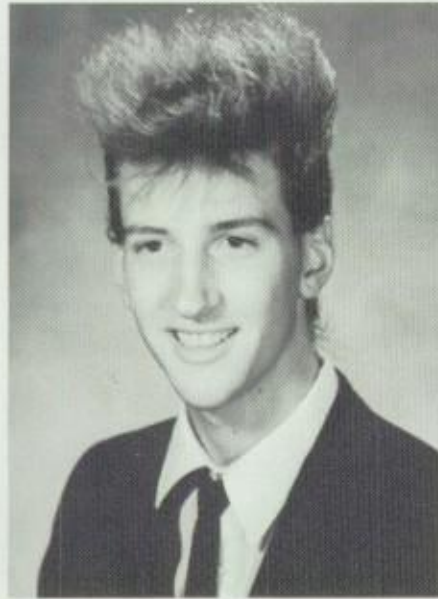

Upon being informed that he was valedictorian, Scott felt "a feeling of relief." He commented, "this is an honor that I have worked for all of my life, it happened, and I'm happy." The Class of '88 is also happy for Scott and is glad that his hard work and dedication has paid off. His efforts are certainly appreciated.

Mr. W. Tresper Clarke, former member of the East Meadow Board of Education, passed away on November 17, 1987. He served as a Board Member from 1948 to 1955 after which he moved with his family to Toronto, Canada. In December of 1936, Mr. Clarke married Mary Louise Snodgrass, a librarian in the NYC school system. His wife, Mary Louise, contributed a great deal in terms of children's literature during her career as a librarian. In July of 1950, Mr. Clarke was elected President of the Board of Education and maintained his position through August 1955. W. Tresper Clarke Jr./Sr. High School was named in his honor on February 25, 1958. His vision and respect for the educational process and his commitment to children represent a legacy that still remains with us. It is with great pleasure that we, the students of W. Tresper Clarke High School, honor his everlasting support of our school and community.

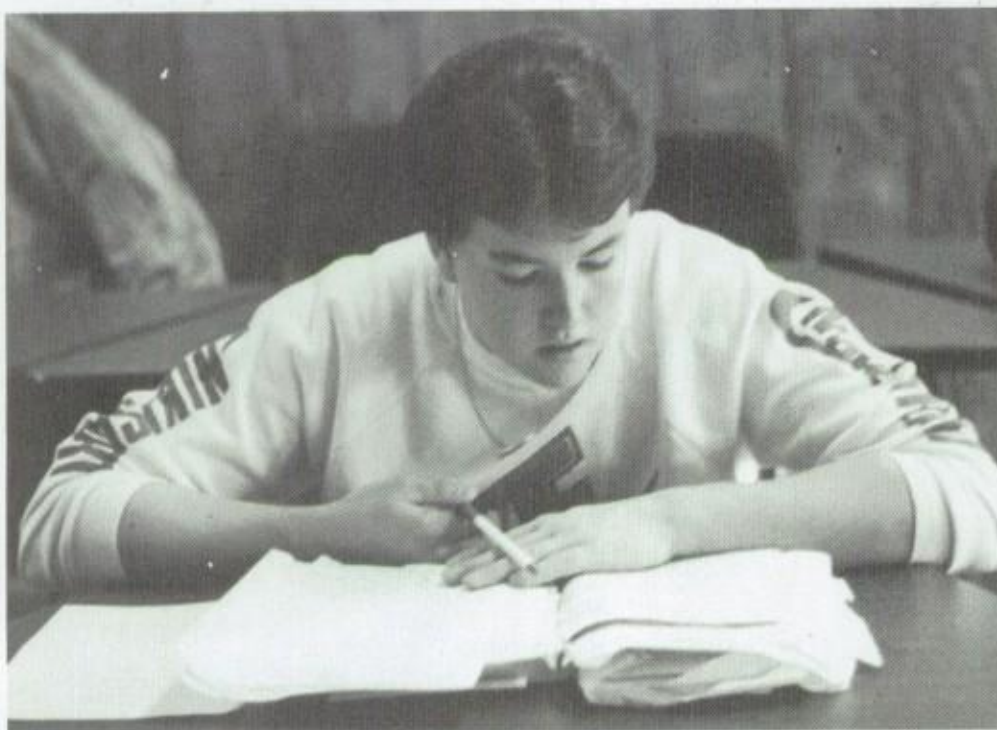

This past school year, the administration, faculty, and student body were saddened by the passing away of Mrs. Carol Yankowski. Mrs. Yankowski brightened the Clarke corridors for eight years as an aide. She will always be remembered as a giving woman, radiating love and spirit, and touching the lives of all that knew her. A highlight in Mrs. Yankowski's life was when she was given the opportunity to play the accordion at Carnegie Hall. Her favorite pastimes were adding to her thimble collection and preparing fine cuisines. Mrs. Yankowski was the wife of Richard Yankowski and the mother of Kim and Richard Jr.

Clarke is known for its fine music program. The chorus, orchestra, concert band and jazz band combined perform three concerts a year. Students can perform in any or all of the music groups. This year there were many outstanding seniors involved in the music program. These included Nicole Avery, Tracie Rosado, Julie Hwang, Dawn Schultheis (All-County

Chorus), Jennifer Walters (All-County Orchestra), and Andrew Weiser, Tara Dunphy, Chris Healy (All-County Band). At the American Heritage Concert in January, the jazz band was accompanied by renowned trombonist Steve Turre, member of the Saturday Night Live house band.

# LEAN ON ME

Sometimes, in our life, we all have pain, we all have sorrow.  
But if we are wise, we always know that there's always tomorrow.  
Lean on me  
When You're not strong  
I'll be your friend, I'll help you carry on  
For it won't be long, 'til I'm gonna need somebody to lean on  
Please swallow your pride, if you gave pain, you need to borrow.  
For no one can fill those of your needs that you don't let show.  
Lean on me  
When you're not strong  
I'll be your friend, I'll help you carry on  
For it won't be long, 'til I'm gonna need somebody to lean on  
You just call on me brother, when you need a hand  
We all need somebody to lean on  
I just might have a problem that you'd understand  
We all need somebody to lean on  
If there is a load you have to bear that you can't carry  
I'm right up the road, I'll share your load  
If you just call me. Call me. If you need a friend.

Dear Billy,  
Congratulation to  
your graduation!!  
I am glad to  
be your friend because  
you are nice, very funny,  
and the best funny  
looker (I mean you make  
a funny face to make fun  
of somebody!!) Good  
Luck in your future!!

Your friend,

# LIVE IN CONCERT

Our class has assumed an undisputed place among the school's best and most popular "bands". Yet no amount of fanfare and success can alter the simple fact that we all are "working musicians"-first, foremost and always-who are continually exploring and refining our crafts.

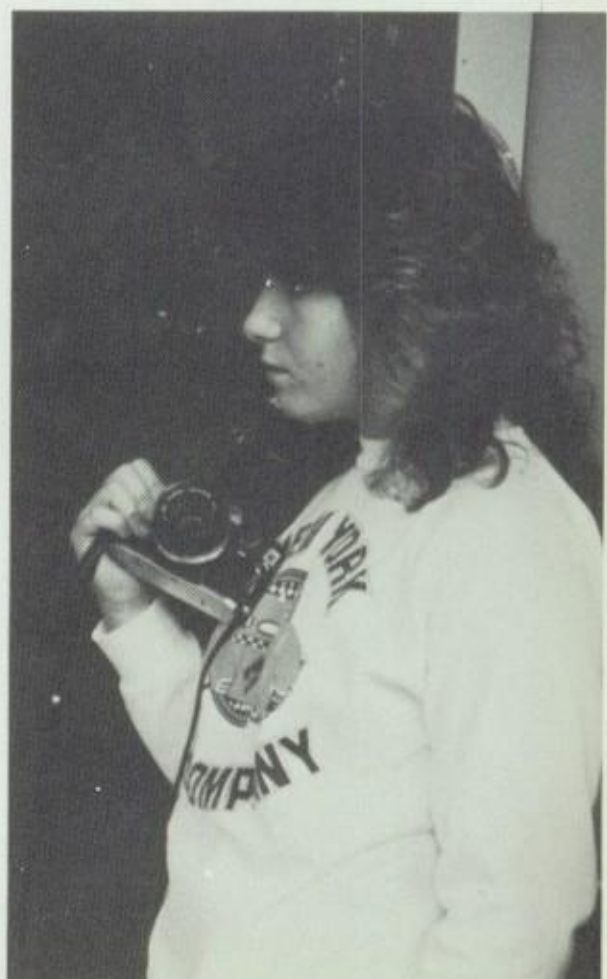

You can blow out a candle,  
But you can't blow out a fire.  
Once the flame begins to catch,  
The wind will take it higher.

# MY PROMISE TO YOU

It seems the time we have together  
is so limited  
and it goes so fast.  
I wish it could be longer,  
but then I know that we both  
have a long way to go  
from where we are.

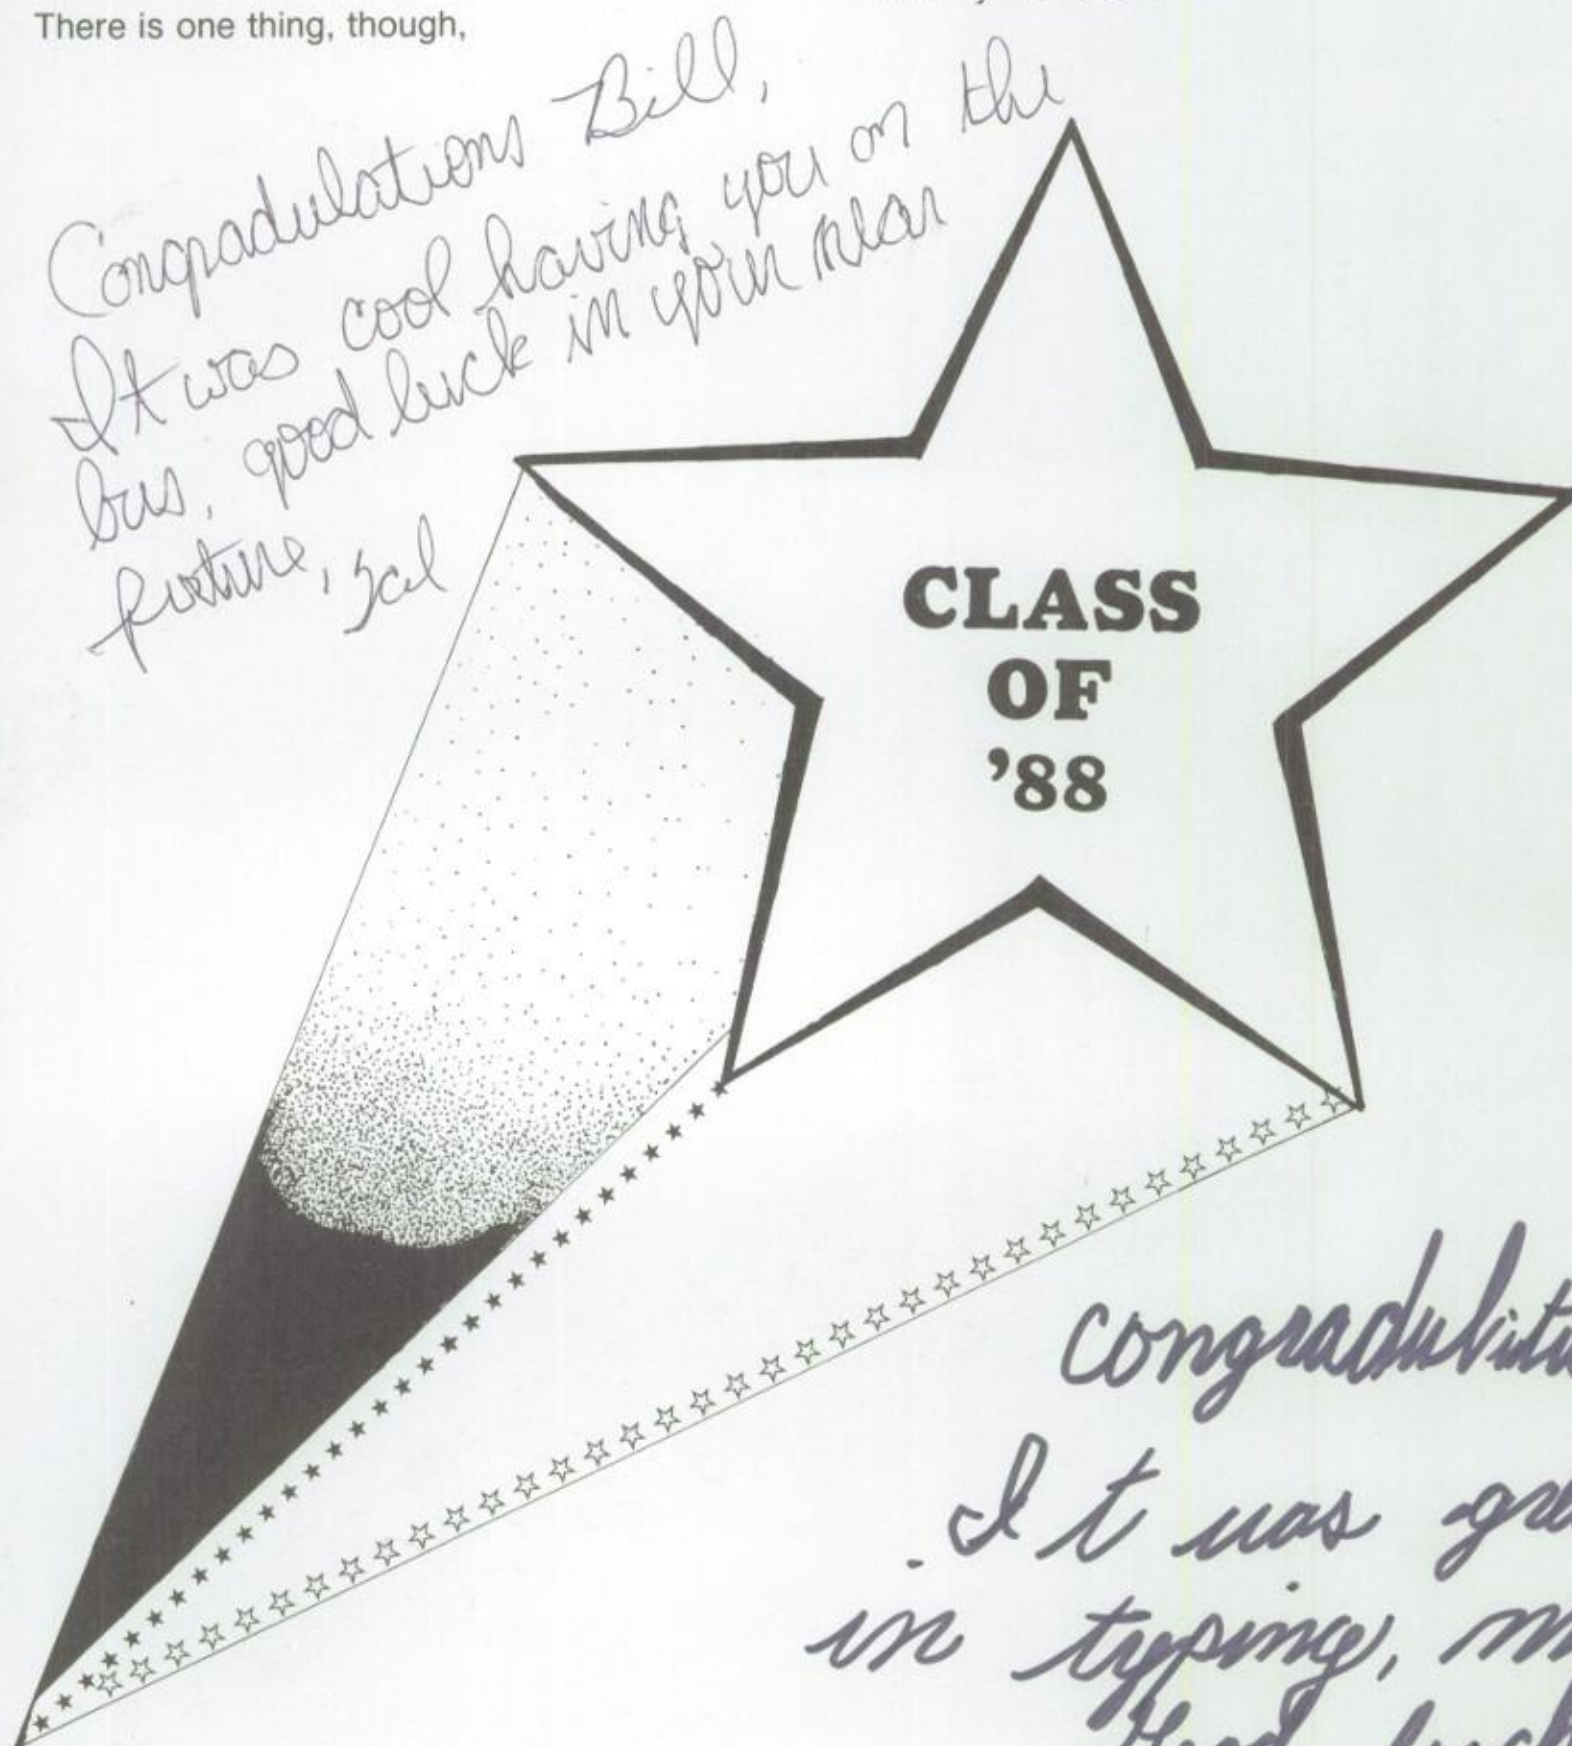

We can make no promises to each other  
because it hurts too much to break them,  
and the future is still unknown to us.  
And so instead we settle  
for simply sharing ourselves  
while we plan our separate lives  
together.

There is one thing, though,

that I want you to know  
before time has a chance  
to pull us apart-  
a promise that will never  
be broken by my heart . . .

Even though we may become  
different people in different places  
and lose sight of each other  
in the future,  
still . . . the past cannot be erased,  
and there will be a part of me  
that will love you  
forever.

## THE FINAL TOUR

## LIVE IN CONCERT

Bill,  
having you  
fun of Ms. Darius.

This was a memorable year for the Clarke Rams Football program. First year coach John Boyle, with assistants Jack Boyle and Pete Mayeski, were able to bring out the talent that was waiting to burst. With the stage set, the team opened by destroying St. Paul's, Island Conference Champs, in a scrimmage. On their opener at home the Rams ran out of time on their last drive and lost to Oyster Bay, 12-6.

The next game was important. If they lost, the Rams would tie the Nassau County record for most consecutive losses. Although the team had nothing to do with the streak, both players and coaches had to deal with Newsday's articles. After receiving numerous headlines the Rams met Manhasset on a Thursday afternoon and proved once and for all that these were the "new" Rams. This victory sparked a memorable 6-2 season. The team, led by All-County and team MVP Brian Dempsey, and All-Conference Jim Didyk and Joe Mangiaracina, beat playoff finalist, Malverne. The team was also five points away from an undefeated season. John Carter received the Vigna award for his dedication and determination to win. Dave Dieppa won the

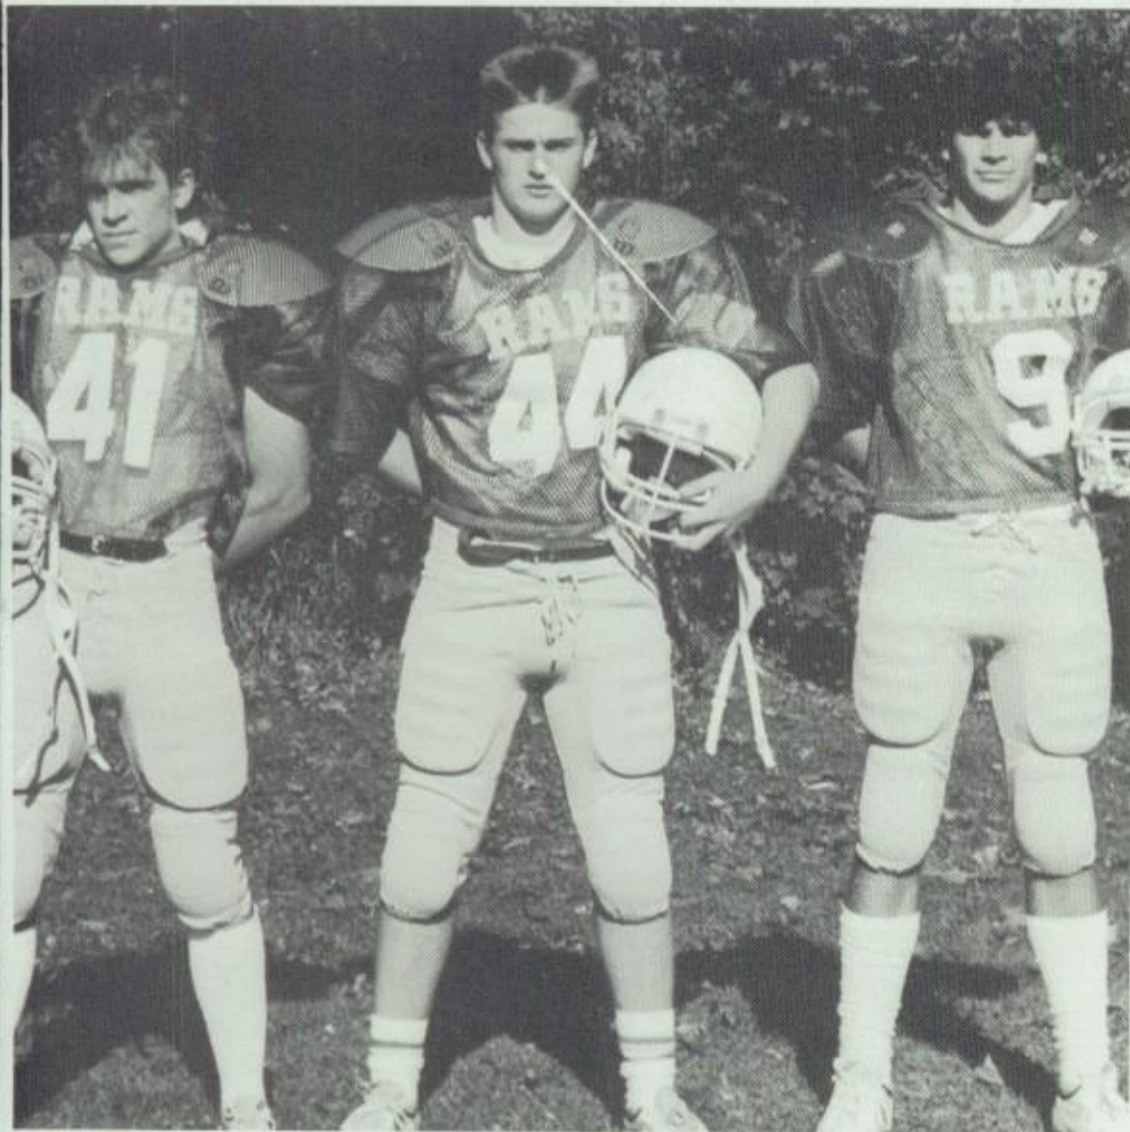

110% award for his desire to work hard for the team.

No matter what happens now, the seniors can look back with pride. They can look back at what they accomplished and what they were a part of. The season was exciting and emotional. The best part was being able to share the emotion with the parents who have watched this team grow from an underdog junior high team to a respected and feared Conference IV power.

BALL

The 1987-88 Varsity Cheering squad, once again out shined all other cheerleaders on the football field and basketball court. The Clarke cheerleaders, best known for their traditional military style and "diaphragm" voices, were led by coaches Vestra Chianese and Maureen Gaffney, and captains Karen Cullen and Dawn Schultheis. This year they captured fifth place in the Nassau County Cheering Tournament. The squad's theme was "outer limits." They captured the audience by opening up with a movable mount to "1001: A Space Odyssey."

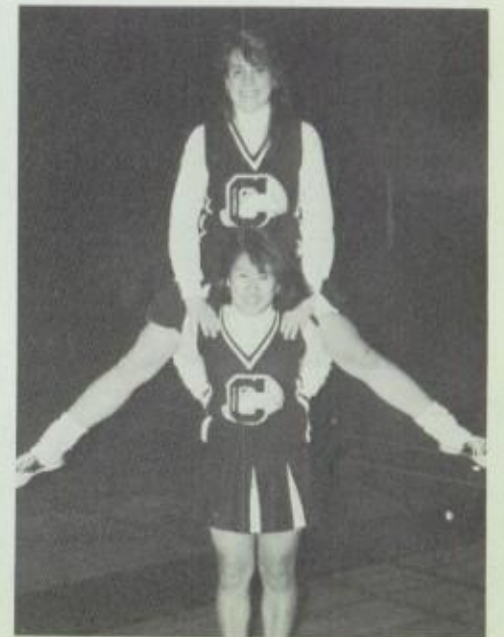

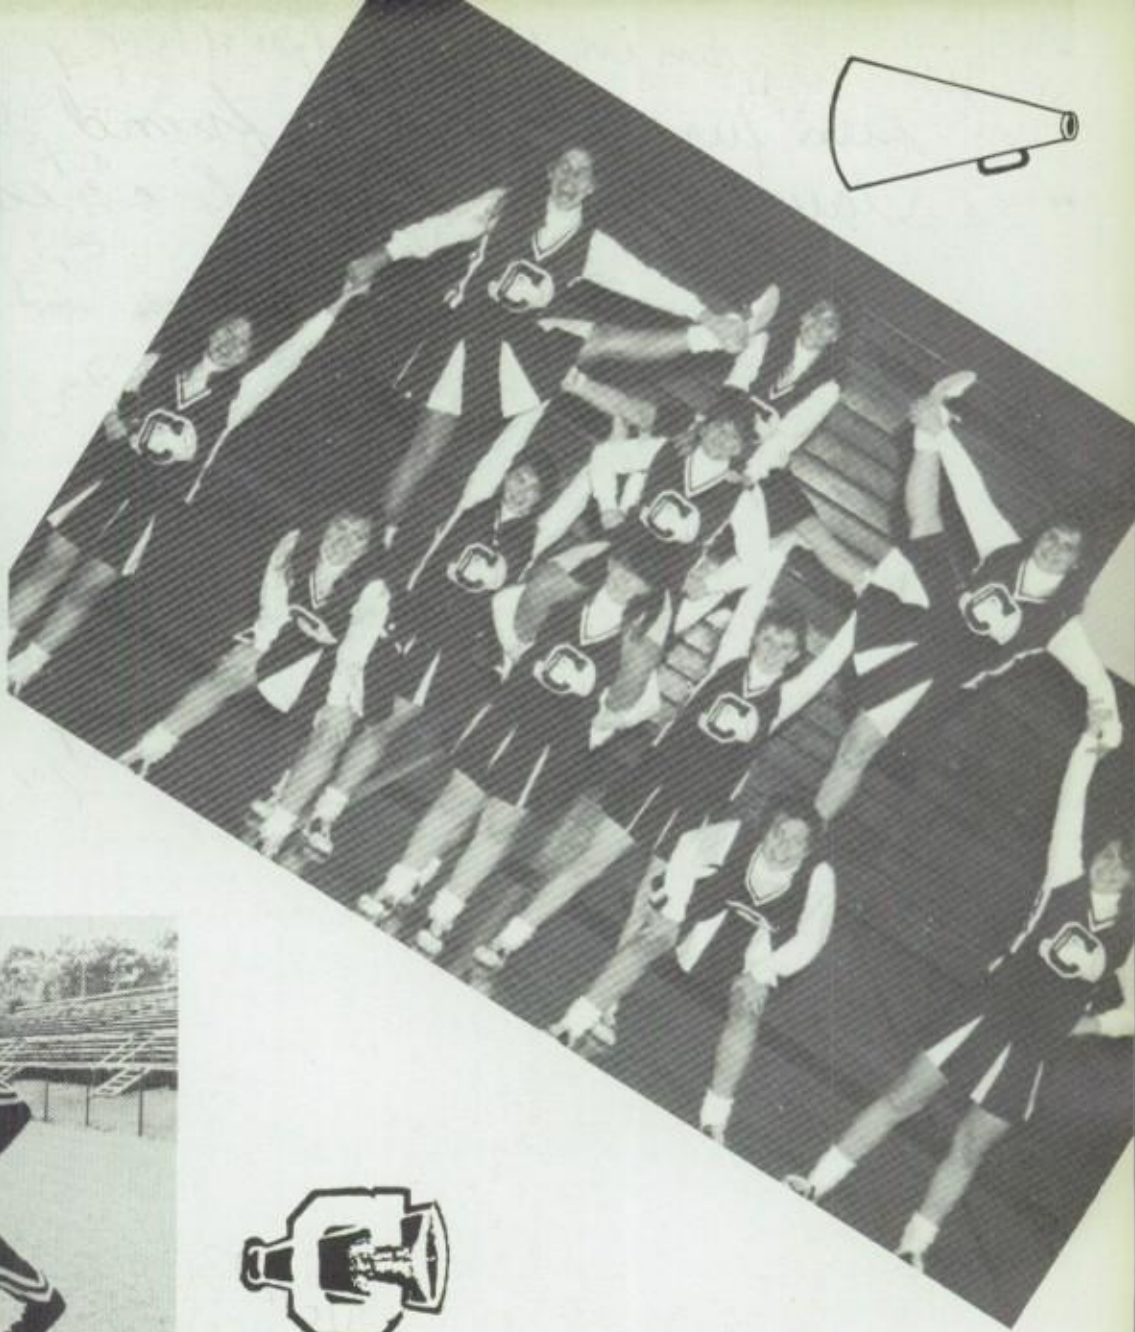

At the close of the season, a few of the cheerleaders were recognized for their outstanding contributions to the team. Anna Gennusa was awarded MVP; Dawn Schultheis received Most Reliable; and Karen Cullen was recognized as Most Versatile.

Members of the 1987-88 Varsity Cheering squad were: Nicole Avery, Alyse Brenner, Karen Cullen, Debbie DeSantis, Jennifer Duffy, Dyan Finguerra, Anna Gennusa, Ann Marie Geraci, Julie Hwang, Suzy Lee, Jennifer Ruonavaara, Dawn Schultheis, Lisa Goldstein and Paulette Lombardo.

# VARSITY CHEERING

Billy, your a pain in the ass. Only kidding. Well it has really been fun being your friend. You should have played soccer. Good Luck on what ever you do.

The 1987 Boys Varsity Soccer team experienced one of the most successful seasons in Clarke history. Under the senior leadership of captains Rich Nussbaum, Sean Russell, and Scott Searle, the team compiled an impressive record of 15-3-1. Included in the team's conquests were the National "A" Division Championship and a second place finish in the County finals.

The varsity, built around a senior defense, went undefeated through the first half of the regular season with a record of 5-0-1, allowing only one goal. The team marched onward through crossroad games until they captured the Division Championship with a record of 9-2-1.

The Rams were unusually strong when playing on the varsity field. This charm continued through the first round of the playoffs as the season came to a close. The team finished at home with a record of 8-0-1 allowing only three goals while compiling seven shutouts. The seniors agreed that this is something that they could look back on with pride.

The semi-finals at Hofstra against arch rival Island Trees, was one of the most dramatic games in playoff history. After 80 minutes of regulation play, the game was dead locked at two. They continued for an additional two overtime periods and two sudden death periods with no winner. The conflict would then be resolved in a shootout. Aided by two spectacular saves by Rich Nussbaum, seniors Sean Russell, Mike Cunningham, and finally Scott Searle, converted their penalty kicks to win the contest just past midnight.

After two cancellations the County Championship was finally played. Unfortunately, the score does not always tell the story of the game. This is evident of the finals as Clarke lost to South Side, 2-0.

Clarke concluded the season as one of the best in school history. In the final season ranking, Clarke ranked third, ahead of state finalist, Garden City.

The seniors of the Girls 1987 Varsity Soccer team truly know the thrill of victory. As the last of the phenomenal State Championship team, they have experienced a soccer dynasty. Yet, they also understand the pressure of great adversity. Ridden with injuries, it appeared as though the girls were experiencing a recurrence of the previous season. However, the team rebounded in time for the playoffs with the reactivation of Empire State team member, Tracey Volpe. The team gained new life as they rolled undefeated through the first two rounds of the playoffs into the semi-finals, defeating Glen Cove and

Mineola.

Under the lights at Mitchel Field, the girls faced their greatest defeat against arch rival, Island Trees. After two seasonal losses, Clarke gained revenge as Island Trees fell victim to defeat, 2-1. The girls then lost in the finals to eventual State Champions, South Side. With a strong finish in the playoffs the girls once again proved the prowess of Clarke soccer.

As the last members of the Nassau County Championship Team competed, Ms. Case concluded her last year of coaching the varsity field hockey team. Although they had a challenging schedule, "Case's Babies" finished with an all-around victorious season. Even though many of their key players graduated in 1987, they still had a strong offense and a solid defense led by goalie Debbie Ungaro. Chris Dolan was voted Best Offensive player while Michelle Korchinski was Best Defensive player. Noellynn Koo was chosen the MVP for the season.

The girls' basketball team consisted of six seniors; including the two captains, Noellynn Koo and Nikki Rubalcaba, three juniors, and two sophomores.

The teams record of 4-9, did not reflect the girls' hard work and determination throughout the season. This season was a little different from the others.

The hundreds of push-ups and the wonderful video made the season exciting and fulfilling. Altogether the season was a success in producing a lot of good times and many laughs.

The Clarke Rams Basketball team had a memorable 87-88 season. Led by a good blend of seniors and juniors, the team turned out a league record of 10-6. They finished in third place. This is the best record a Clarke team has achieved since 1967.

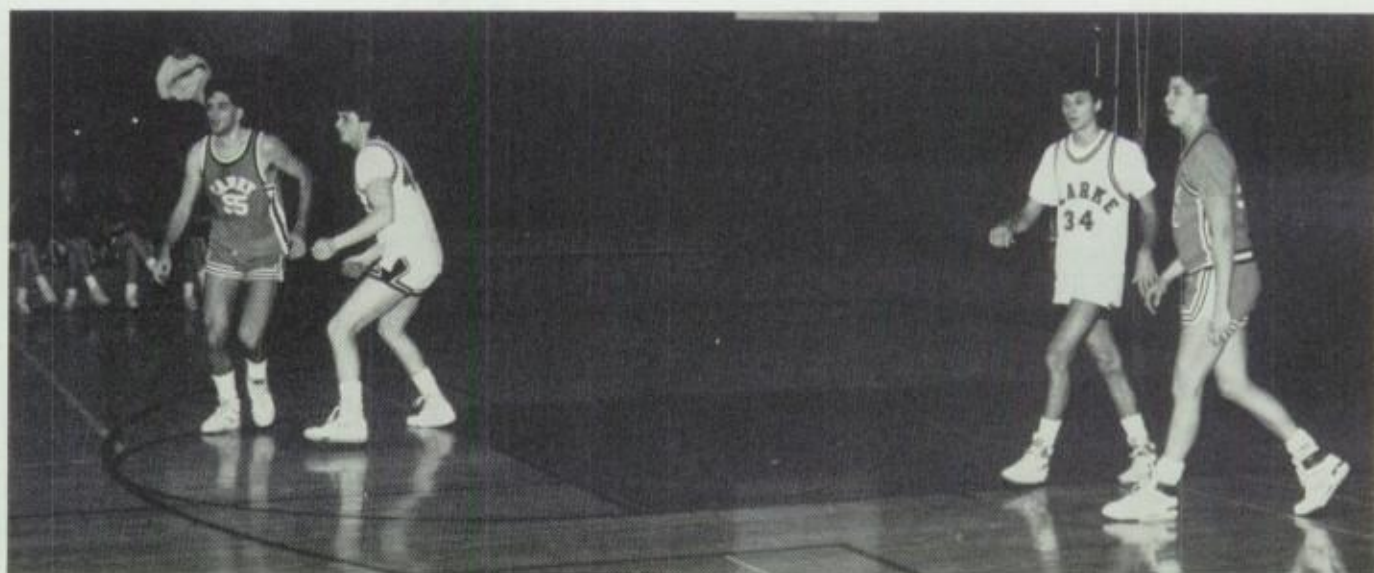

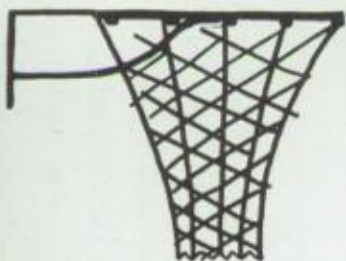

The season started with the Bud Chianese Tip-off tournament. For the first time since the start of the tournament, the Rams made it to the finals. Although they lost, the Rams were able to elect captains Scott Searle and Cliff Odell to the All-Tournament team. Now the Rams had to look at their non-league and league schedules. With an overall record of 11-9, the Rams decided to enter the County Playoffs.

It was only the fifth time a Clarke team had gone to the Basketball playoffs, no team had advanced past the first round. The 87-88 team beat Locust Valley in the first round and earned the right to play Roosevelt. The Rams lost and the season was ended, but the team held their heads high because they had broken the losing tradition and brought back pride and respect to Clarke Basketball.

Senior Scott Searle and junior Andy Schneider were elected to the All-Division team. Senior captain Matt Schneider received Honorable Mention, Ron Gatteau led the team in steals, while other seniors, Cliff Odell and Jim Didyk pleased the crowd with exciting blocked shots. Seniors included Danny Cluxton, Mike Dunne, DJ Smith, and Sean Russell. Everyone contributed and should be proud to have played on this memorable team.

Clarke has long had a tradition of excellence in track and its reputation is high among competing schools. That reputation has grown beyond Nassua County and has been the reason for Clarke's invitation to many prestigious track meets including those at Yale University and West Point.

The 1987-1988 team was headed by coach Fred DeRuvo and Mike Wallace and aided by the leadership of captains Tom Barry, Mike Marchesi, and Chris Healy. Under this leadership many relay records have fallen. At Yale University, Josie Pascarella, Irene Ruopoli, Chris Healy, and Dolores Angulo broke the school record in the mile relay with a 4:10.1. Also at Yale University, the school two mile relay record was broken by the team that included seniors Chris Healy and Dolores Angulo with a time of 9:53.9.

The boys finished in an impressive fourth place in the county meet while the girls successfully defended their county championship title.

# Friends Forever

We're joined in a friendship  
That time cannot sever.  
With bonds we have built  
We'll remain friends forever.

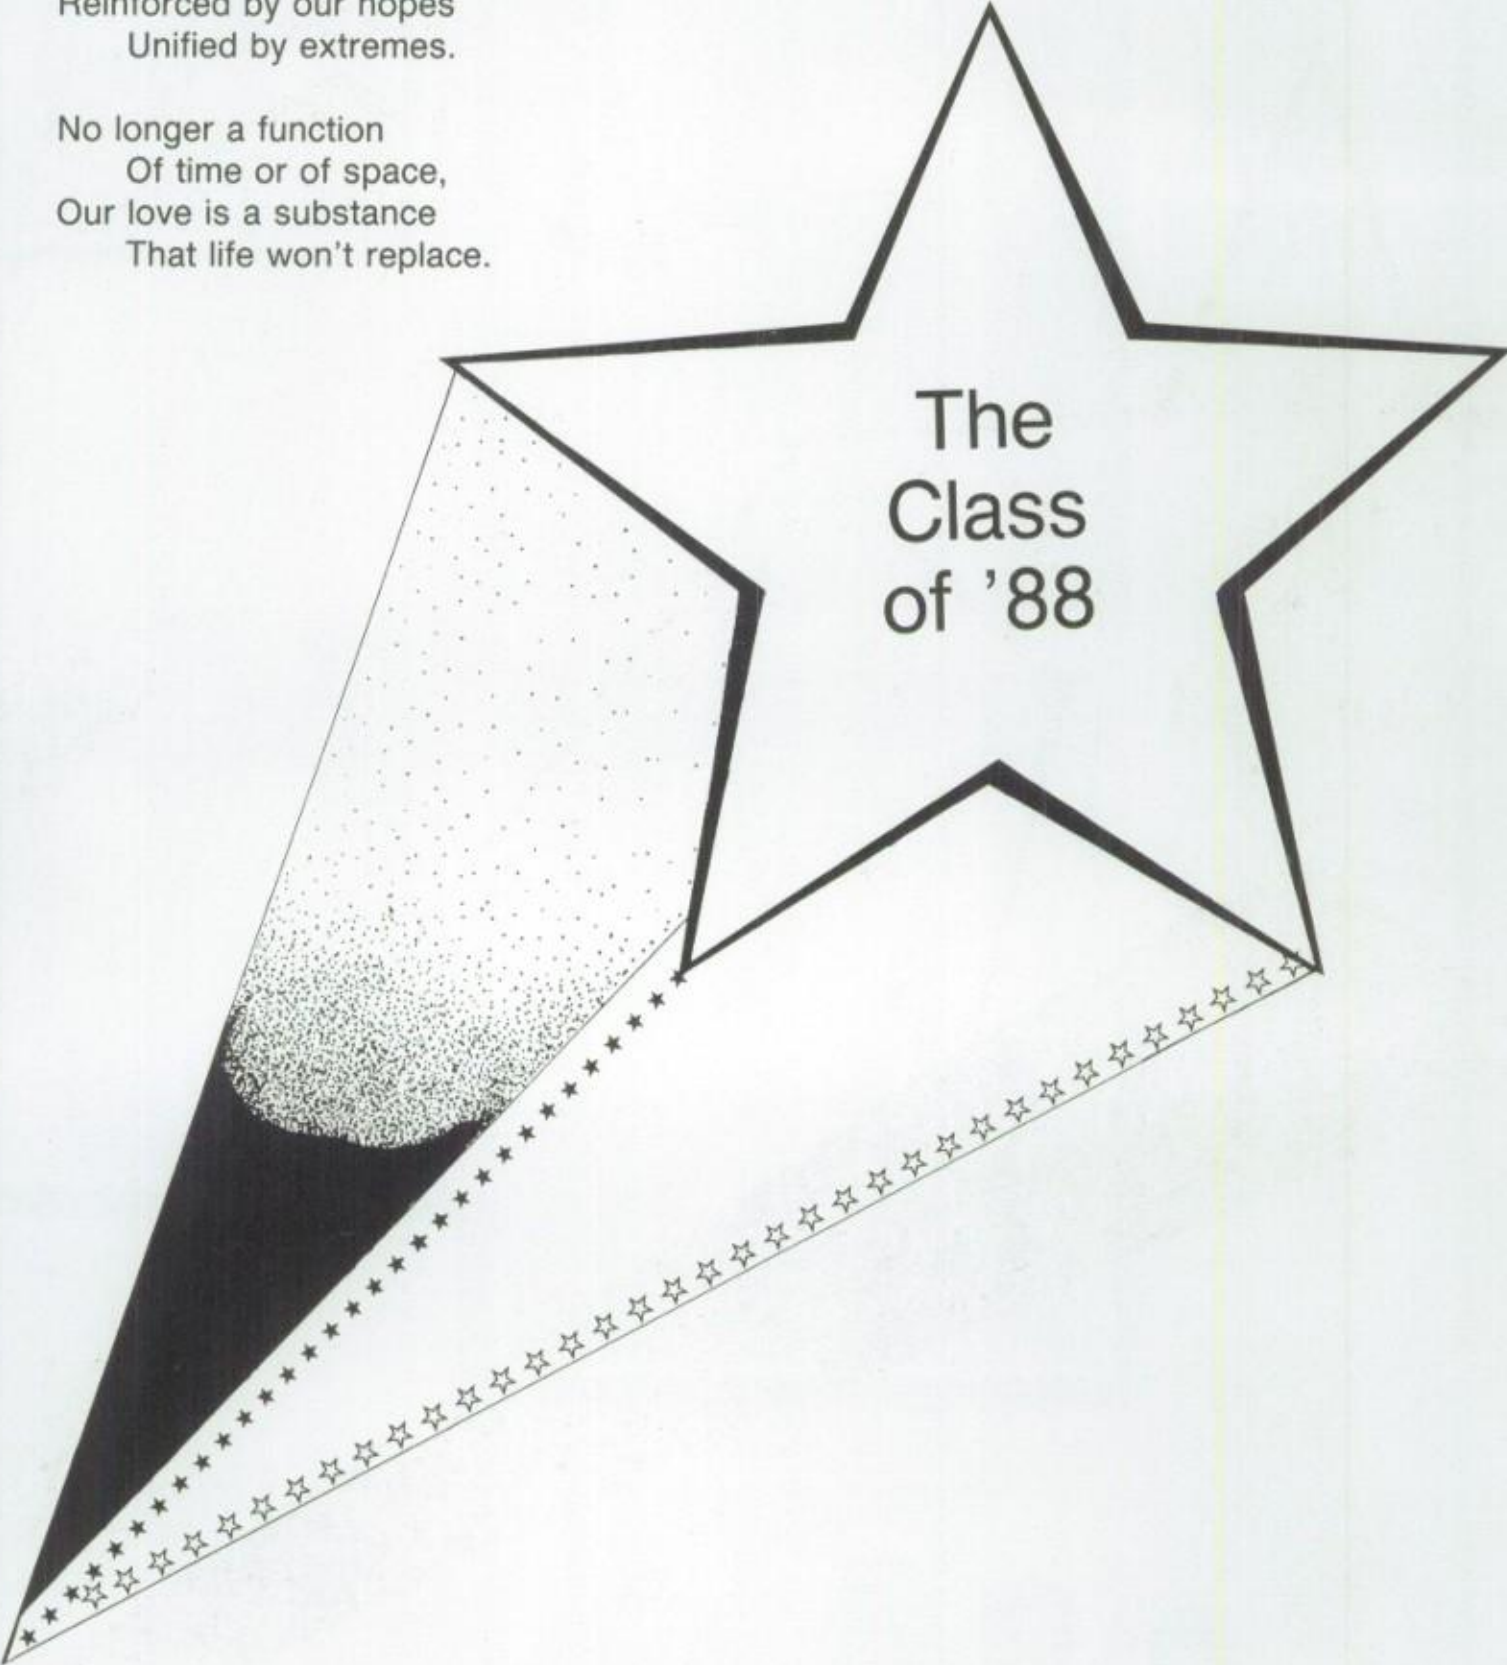

We're welded in spirit,  
Attached by our hearts.  
We're fused by this feeling  
That friendship imparts.

We're tied by emotions,  
Connected by dreams.  
Reinforced by our hopes  
Unified by extremes.

No longer a function  
Of time or of space,  
Our love is a substance  
That life won't replace.

No matter how distant,  
We'll always endeavor,  
To sense the full meaning  
Of friendship forever.

The audio-visual squad is responsible for the distribution of A.V. materials in the school. During times when the school is closed for a prolonged period, they store all materials in the A.V. room. They get more requests for televisions and video cassette recorders than any other type of equipment. They maintain a highly organized schedule to provide this equipment to all members of the faculty. The audio-visual squad also video tapes many of the activities that occur in the school.

The Amateur Radio Club enables students to express their interest in electronic communication. We have a high-gain multiband vertical transmitting and receiving antenna and a Kenwood 520S-200 watt transceiver. With this equipment, students can communicate with other operators throughout the world.

The Clarke Amateur Radio Club is chartered by the American Radio Relay League (ARRL) and in operation since 1974. We are assigned the Amateur Radio call letters WA2FLC. During club meetings students can operate the radio station and are instructed in correct operating techniques. Students are helped to obtain their own licenses by instruction in correct operating rules and regulations, Morse Code and basic Amateur Radio electronic theory. Qualified students may take the Amateur Radio license examination at Clarke to obtain their own call letters.

Considering that the Clarke Chess team had lost more than half of its team to graduation, the group had had a successful season. As of February 1, 1988, the team had won two matches and lost two matches. Their first match was played against Long Beach at home. They lost 35-10. They had better luck the next match against Baldwin. They won by a score of 24-21. They romped over Lynbrook's team by a score of 37-8. Unfortunately, they fell to Chaminade, 35-10.

The team is composed of almost all seniors. The co-captains are Scott Weiss and Samira Zamel. The treasurer of the club is Dyan Finguerra.

The Key Club, an organization dedicated to school and community service, has played a major role in helping others over the past year. Through the efforts of the Key Club officers and members, the club's membership has increased significantly and many successful projects have taken place.

The organization encourages involvement by sponsoring and coordinating projects such as an annual Red Cross Blood Drive and Halloween Carnival at Bowling Green Elementary School. Other successful events have included a "Winter Wonderland" dance and Walk-A-Thon benefitting the American Cancer Society as well as participated as volunteers at Clarke's Special Olympics.

The Key Club also attends an annual convention in which sixteen hundred members from throughout New York State convene to elect new officers, participate in workshops, and celebrate the year's accomplishments.

The Key Club's service toward the youth, elderly, and handicapped has allowed the members to have a positive influence on their surrounding community. In all the organization's endeavors, the Key Club motto, "Caring . . . Our Way of Life", has represented more than just mere words, but rather words put into action.

This year the Clarke Key Club was led by an executive board composed entirely of seniors: President Julie Hwang, Vice President Samira Zamel, Secretary Suzy Lee, and Treasurer Dana Hariton. This was also the first year that Clarke successfully elected two members to the New York District Key Club Board of Trustees: District Secretary Dyan Finguerra and Lieutenant Governor of the Long Island South Central Division Rick Gatteau. Kim Marinucci served as Divisional Secretary and Karin Coogan served as Division Reporter.

# SADD

In September 1986, the Clarke chapter of SADD had a membership toll of 0 and a treasury to match. That is when current President Dyan Finguerra and Sgt.-at-Arms Dana Hariton approached Mrs. Rereich about reviving the club. One and a half years later the club boasts a membership of over 100 and has a whopping attendance of 75-80 per meeting. Dyan is assisted by Vice President Brad Levien, Treasurer Jeff Fried, Secretary Amy Kay, Historian Kim Marinucci, and Sgt.-at-Arms Dana Hariton.

Throughout the year, the club sold T-shirts and key chains. Highlights of the year included trivia and poster contests and an April Ghost-out Day when students dressed in white in memory of drunk driving victims.

Clarke's chapter was one of the first on Long Island to host a pre-prom Coketail hour. This tradition to-be was inaugurated before the Class of '88's Junior Prom.

Model Congress is an organization which is based on the United States Congress. The objective is to allow students to debate various current issues. Meetings take place on Monday nights, where mock bills are debated. Speakers who have researched their views present them to the rest of the assembly, trying to persuade others to their side.

The peak of the year is the "weekend" which took place on February 5,6,7. At this time, students from several schools in New York State and Connecticut, attended our congress for a weekend of debating. There was an excellent turnout, and the weekend was for everyone involved. This years top officers included Andrew Weiser (Chairman), Glenn Stryjewski (Vice-chairman), Brad Levien (Finance Chairman), Dawn Schultheis (Corresponding Secretary), and Dyan Finguerra (Recording Secretary).

Under the leadership of the Drama Society officers (President Karin Coogan, Vice President Jenn Williams, Secretary Dyan Finguerra and Treasurer Laurie Schopp) the club successfully produced Woody Allen's "Don't Drink the Water". The club was also under the wings of first year advisors, Mr. Bob Weinstein and Ms. Julie Bisom. "Don't Drink the Water" was a comedy in two acts starring Brad Levien, Karen Palsgraf, Jennifer Williams, Niral Kalaria, George Monos, Karin Coogan, Laurie Shopp, and Dyan Finguerra. This was the best show performed by Clarke in years.

One of Clarke's newest and most in-  
novative clubs is the Italian Culture  
Club. This is the club's second year since  
it was reborn in September 1986 under  
the direction of Mrs. Anita Tremaroli.  
The presiding officers are: Laura Guas  
(President), Jean Pizzariella (Vice-Presi-  
dent), George Monos (Secretary), Anna  
Habberzettl (Treasurer).

In the past year, the club has given  
generous donations to several commu-  
nity and parish charities to help refu-  
gees and unfortunate families during  
the holiday season. It also Organized  
the raffling off of beautifully-stocked  
holiday baskets filled with lots of Italian  
foods and confections. Trips are orga-  
nized to visit some Italian culture "hot  
spots" in New York City and of course  
to savor tasty Italian dishes at various  
Italian restaurants. A regular fundraising  
function of the Club is to sell pizza after  
school. Not only do the students enjoy  
the pizza- we very often see members  
of the faculty having a slice or two.

It's been a good two years for Reflections, the school literary magazine. Last year's 1987 edition won the rank of Superior by the NCTE and sold out completely. This year promises to be even better, as Editor-in-chief Louise Fandozzi and her staff (along with club advisor Ms. Van Clair) gear themselves for the year of 1988 with an ever-improving number of poems and stories. The only problem is that most of the officers of this year are graduating, being seniors, so its up to the remaining juniors, sophomores, and freshmen to maintain the standards of the magazine established two years ago.

Did I tell you about my trip to the Orient?

The Athletic Leaders Club is the unifying force of Clarke athletes. This is the organization where athletes from various sports walk common ground. The work of this last year has allowed them to achieve the prominence of years past.

Working in close relation with the Parent and Booster Club, the Athletic Leaders Club is largely responsible for funds raised. The Athletic Leaders Club supplies the manpower for car washes and school services such as painting the varsity fields' bleachers. The Parents and Booster Club subsequently sponsors activities such as the Senior Dinner. These funds are also the sole source for the athletic scholarships awarded to graduating senior athletes.

This year the Athletic Leaders Club held the second annual Battle of the Classes. To further unite the organization, the Athletic Leaders Club invested in club shirts. This in accordance with various fund raisers helped build and strengthen the club.

In the future the Athletic Leaders Club hopes to continue its present activities within the school and with the Parents and Booster Club while expanding its range to other fields. Community services and establishing a bleacher fund are among these future endeavors.

When school opened in September 1987, National Honor Society was ready to fly out of the blocks. The club was coming off a successful year under the direction of Mrs. Doris Levy. Mrs. Levy's retirement and the subsequent delay in the naming of an advisor slowed NHS, but soon they were going full throttle. New advisors Ms. Eleanor Goldman and Mrs. Eileen Leff assisted the officers in the picking of new members. To be elected to this prestigious national organization, seniors must have a cumulative high school average of 85. Additionally, students are required to submit proof of school and community involvement.

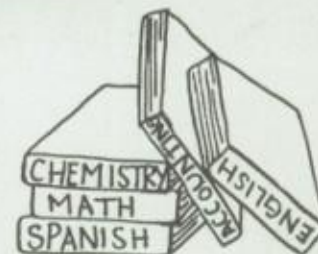

NHS orchestrated a successful stationery sale and approached the induction dinner with enthusiasm. Held at Antun's, the dinner was a grand success featuring speeches and much dancing.

NHS also contributes to Clarke on a daily basis. Students having trouble in classes are tutored by NHS members. Honor Society members also acted as ushers on open school night, the Drama Club's production of *Don't Drink the Water*, and graduation ceremonies.

The Business Honor Society is once again a large group filled with eligible juniors and seniors. The requirement for induction is successfully maintaining an 85 average in three business courses over the course of a student's senior high career at Clarke. Students are inducted in the fall of the new school year. The officers of this year's club are Mindy Perlmutter, Corinne Dunne, Matt Schneider, Linda Mantikas and Nina Pedone. The Society is under the advisory of Mrs. Regan.

Future Business Leaders of America prepares students for the business world. The club's main objective is to hone the skills of the business student while incorporating real life situations.

Throughout the year the members compete in events on district, state and national levels. In February our chapter met up with other schools at Farmingdale High School for the district eliminations. Our winners were Samira Zamel and Victoria Walters (4th place Business Graphics), Linda Mantikas (2nd place Job Interview), Dana Hariton (3rd place Impromptu Speaking), and the Parliamentary Procedure team of five (Craig Kayian, Julie Hwang, Dana Hariton, Jennifer Ruonavaara, Samira Zamel) took first place.

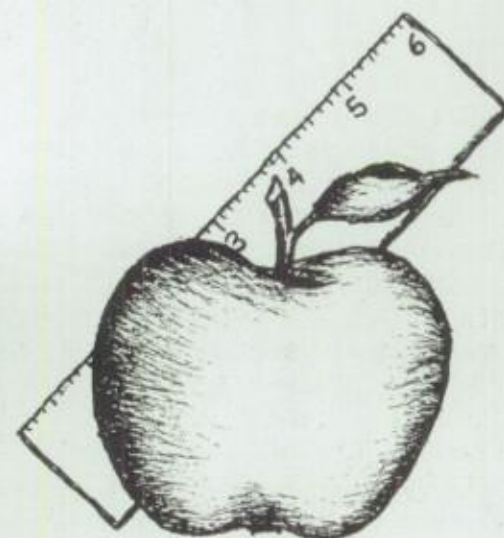

In Spring, we convene once again for the State Leadership Conference. Here members who have placed first, second, or third in the eliminations will compete against other district winners. Those who excel at the SLC go on to national competition. Last year, Linda Mantikas represented Clarke in Anaheim, California for the national competition in Clerk Typist.

Our students this year are well prepared and anticipate many winners. Those who wish to participate in FBLA after graduating can join Phi Beta Lambda on the university level.

The Future Teachers Club had its start in 1987-88. This newest addition to Clarke's extracurricular offerings had a great first year, with members working in Meadowbrook Elementary School and Bowling Green Elementary School. Clarke students had the opportunity to help individual children needing encouragement with reading, math, and English. Several future teachers worked as music and physical education assistants. A field trip to C. W. Post college showed us what the college preparation is like for those wanting to study education.

The club's officers are Faculty Advisor - Madelynn Schwarz, President - Allison Kimmel, Vice President - Teriann Wallace, Secretary - Diane Gibbs, Treasurer - Debbie Schook.

Math League is a competitive team with interscholastic meets scheduled six times a year. Clarke's team consists of about twenty senior high students. There are no requirements to participate in Math League- only the desire to put mathematical knowledge to use in the framework of team spirit. Ms. M. Howell has been the advisor for Clarke's Math League for fifteen years. The 1987-88 team captain is senior, Scott Weiss.

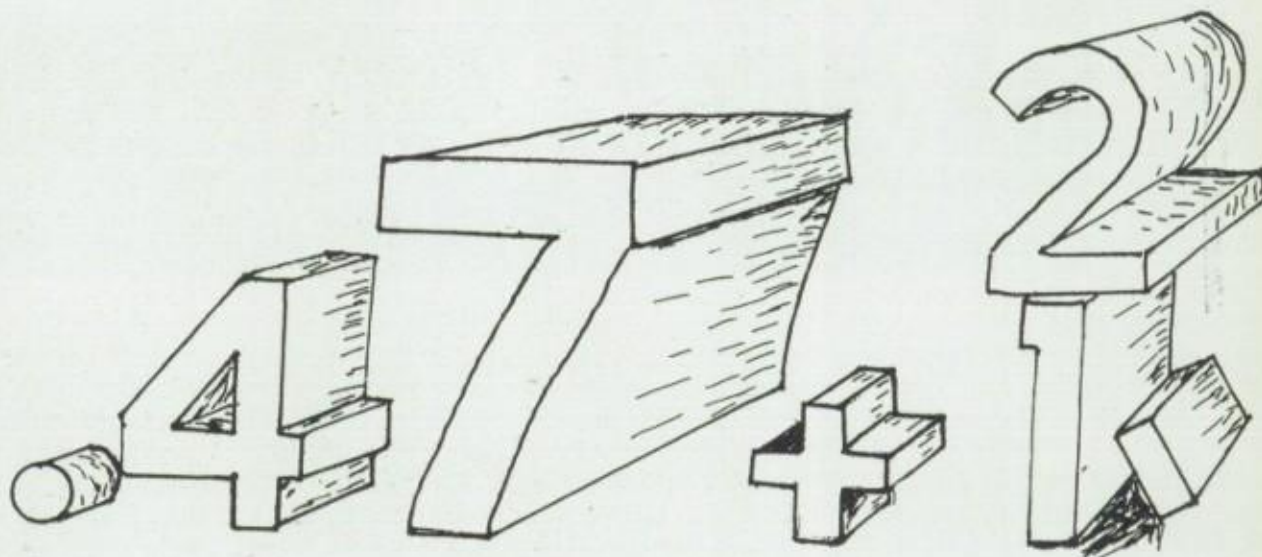

At every meet, each participant is asked five questions. Clarke itself has three teams. The "A" team, which consists of five Juniors and Seniors; the "B" team, which consists of five sophomores; and the "C" team, which consists of all the students who do not attend every meet (only five answers for each question are counted).

There are fringe benefits involved in Math League competition. In addition to "food for thought," Math League participants are given donuts. Besides helping concentration, they are delicious.

To sum it up, Math League is for those who enjoy mathematical challenges and aren't afraid of a little bit of friendly, intellectual competition.

Will the future ever arrive? . . . Should we continue to look upwards? Is the light we can see in the sky one of those which will presently be extinguished? The ideal is terrifying to behold, isolated, a pinpoint, brilliant but threatened on all sides by the dark forces that surround it; nevertheless, no more in danger than a star in the jaws of the clouds.

# PATRONS

You and I are friends  
And no matter what else happens  
in this crazy world of ours,  
I'll always be here for you  
in whatever way I can be ...  
to cheer you up,  
to keep in touch,  
to dry your tears,  
to share your smiles,  
to care about you  
forever.

# SENIOR DINNER February 11, 1988

(Above) Chris Dolan makes a stunning appearance. Not a bit on the conservative side, is it?

(below) "Where are our seats?" is the main question while the whole herd enters the room.

Mrs. Reiner finally gets what she deserves! Maybe she should return the favor.

# *To The Class Of 1988*

*There is inside you  
all of the potential to be whatever  
you want to be-  
all of the energy to do whatever  
you want to do.*

*Imagine yourself as you would  
like to be,  
doing what you want to do,  
and each day, take one step . . .  
towards your dream.*

*And though at times it may seem too  
difficult to continue,  
hold on to your dream.*

*One morning you will awake to find  
that you are the person you dreamed of-  
doing what you wanted to do-  
simply because you had the courage  
to believe in your potential  
and to hold on to your dream.*

*— Donna Levine*

There is nothing we like to see so much as the gleam of pleasure in a person's eye when he feels that we have sympathized with him, understood him, interested ourself in his welfare. At these moments something fine and spiritual passes between two friends. These moments are the moments worth living.

When things go wrong as they sometimes  
will,  
When the road you're trudging seems all up  
hill,  
When the funds are low and the debts are  
high,  
And you want to smile, but you have to  
sigh,  
When care is pressing you down a bit,  
Rest if you must, but don't you quit.  
Life is queer with its twists and turns,  
As everyone of us sometimes learns,  
And many a failure turns about  
When he might have won had he stuck it  
out;  
Don't give up though the pace seems slow —  
You may succeed with another blow.  
Success is failure turned inside out —  
The silver tint of the clouds of doubt,  
And you never can tell just how close you  
are,  
It may be near when it seems so far;  
So stick to the fight when you're hardest  
hit —  
It's when things seem worst  
that you must not quit.

## A FINAL WORD FROM ...

It's almost the end, and I must take a little time to thank you for filling my life with so much joy for the past four years. At this point in time, there is no need to elaborate on your accomplishments. They are known by everyone at Clarke and will remain, long after you have gone, as a shining example of how wonderful a class can be. You have earned the respect and admiration of students, faculty, and administration, and what you have given, been, and done will never be forgotten.

Our time together has made these the most delightful years of my teaching career. I never thought it was possible to become so close to so many students, but it happened, and I am richer as a result. I have seen you grow into so many responsible, caring, warm young men and women who, I feel confident, will make a positive contribution to our society. I will be able to proudly say I knew \_\_\_\_\_ when he or she was just a kid in "my" Class of '88.

I shall miss you next year. There will surely be a feeling of emptiness when classes resume in September and your faces, smiles, hellos, and "short" comments will be missing. A bit of me will leave with you, and it is unlikely that your place deep within my heart will ever be replaced. But, life goes on, and you have a new beginning ahead. I hope that your lives will be filled with as much happiness as you have given me.

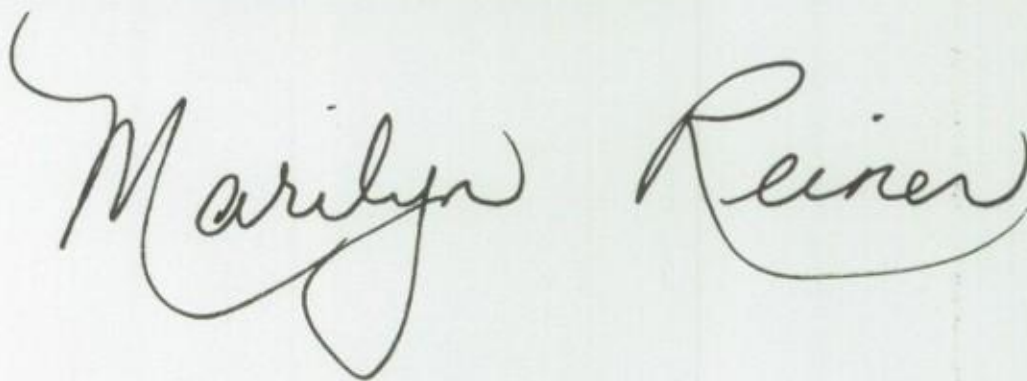

What can I possibly wish for each of you as you enter the next phase of your lives?

I wish you success —

I wish you long and happy lives —

I wish your best dreams come true — I wish you love!

You will always have mine!!!
